Name: Mario Creary
ID#: 2504252
Faculty: School of Computing and Information Technology
Module: Web Programming (CIT2011)
Assignment: Individual Assignment 1
Story Board and Design Document

Project Overview

I have written this document to support my first Individual Assignment which is the portfolio website that was written using HTML5 and CSS3 and one external stylesheet linked to all pages. It contains a mobile and desktop layout, the assets lists, the project links and the APA reference page.

Project Links

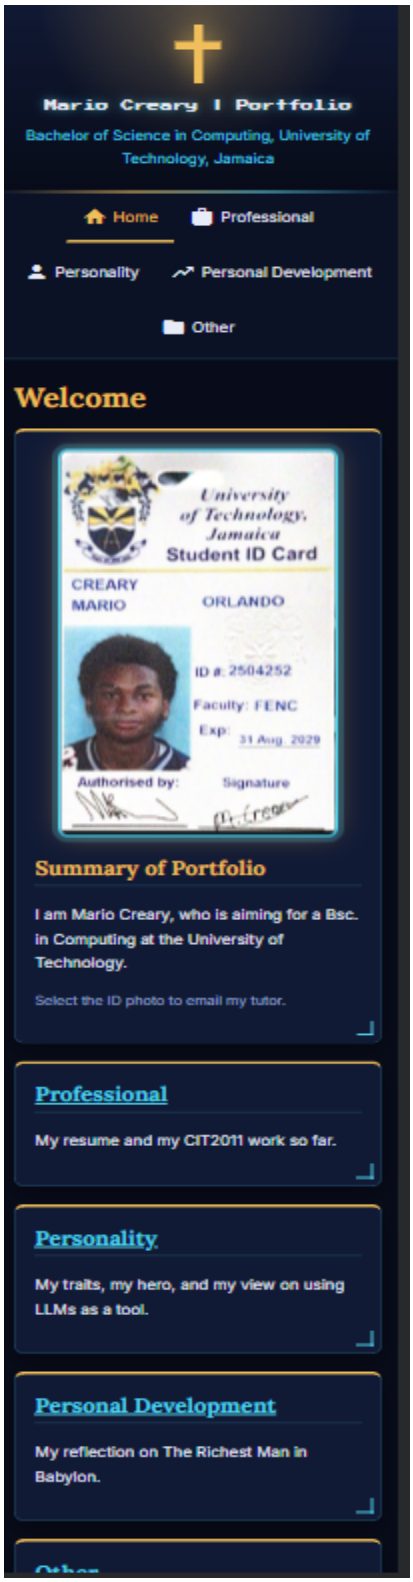

GitHub Repository -

GitHub Pages -

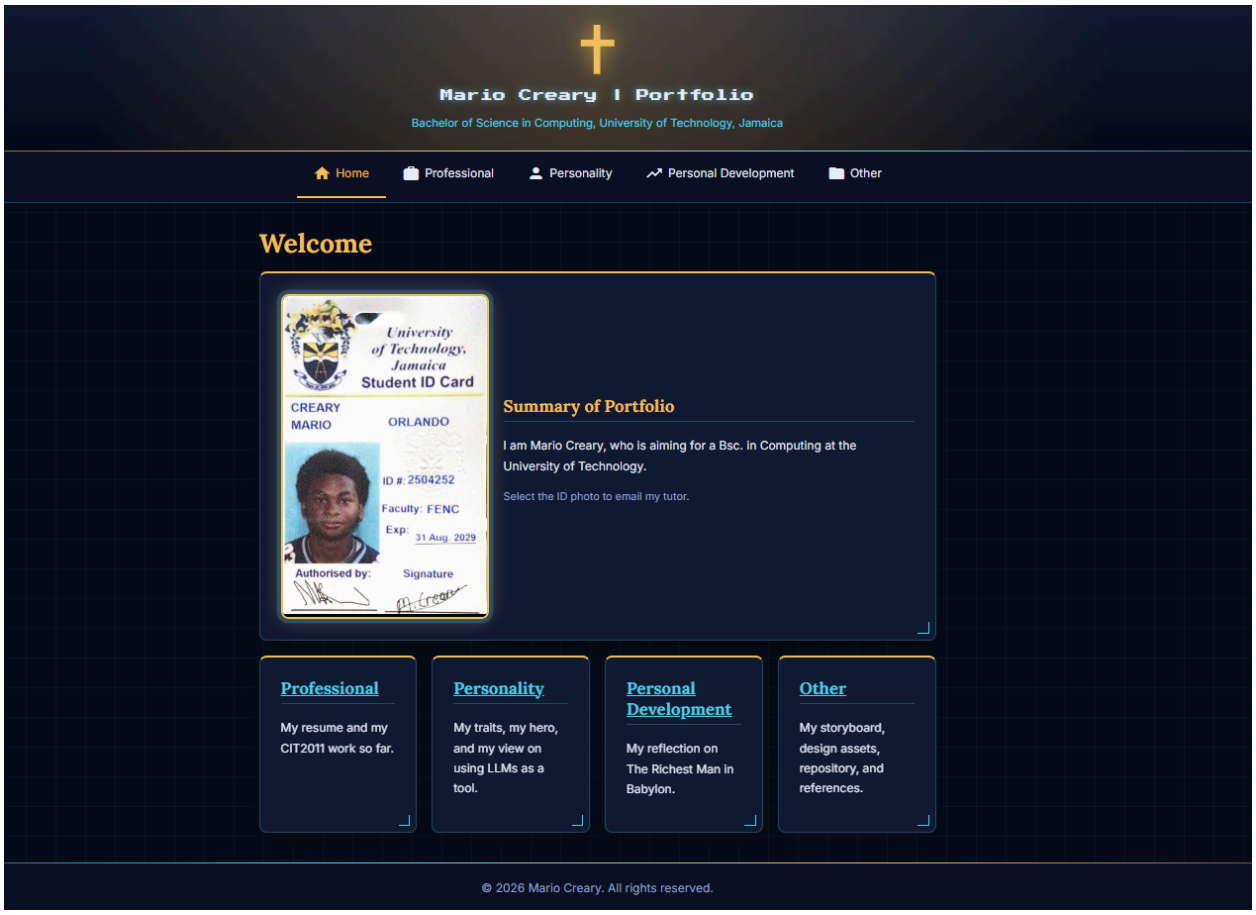

Site Map

Pages	**FIles (within Codes folder)**	**Content of the pages**
Home	index.html	ID photo link that also opens an email to the tutor, short introduction as well as four cards that links to the other pages.
Professional	professional.html	Resume Card
